MEMORANDUM

ON: THE ELSMO LETTER TO MR. COLBY DATED 25 NOVEMBER 1974

1. The question of using Mr. Elsmo's services belongs with the Office of Personnel.

2. The Elsmo letter is in some ways not particularly literate and it is full of an ill-defined missionary zeal which would raise questions in my mind about how well he might work in an organization or program.

3. Attached is the draft of a statement representative of OMS views.
